

Beverage Container Recycling Program

Recycle your beverage containers and help cats and kittens in need! It's easy – here's how:

Put your beverage containers in a clear or blue bag (no need to sort!) and take it to a Return-It Express kiosk (locations listed below).

**Go to the machine and enter our phone number:
778-589-8552.**

Select how many bags you have. The machine will print out labels—stick one label on each bag. Place the bags into the Express kiosk drop off area, and you're done!

The program will sort, count, and refund the deposits to the Surrey Community Cat Coalition. All proceeds go towards cat care and supplies for homeless cats and kittens at our intake and recovery centre.
